PROB. 36. An empty hollow globe, capable of containing 10 cubic feet within its shell, (which is one inch thick) weighs 10 lbs. How much weight can this globe support without sinking, if it be thrown into water?

PROB. 37. How much power will be required to roll a round ball, weighing 400 lbs, up a hill or inclined plane, whose angle of elevation is 30 deg.?

PROB. 38. A locomotive, weighing 40 tons,

runs ten miles on a down grade of 40 feet per mile, using no breaks, and keeping up steam sufficient to run it 25 miles per hour, independent of the action of gravity. Making no allowance for friction, what will be its greatest velocity, the time of running, and the power requisite to stop it instantly at the end?

PROB. 39. In what time will £1 amount to £100, at 7 per cent. interest, compounded every month?

— October, in the year of Romulus, was strictly what its name implies, the eighth month. With us it is the tenth; sign in the Zodiac, *Libra*, the Balance.

ADDRESS.—To the Honorable the Legislative Assembly, of the Province of Canada, in Parliament Assembled:  
 The Petition of—

Humbly Sheweth, That, &c.  
 [Place and Date.]

No Petition to either House, will be received, unless there be one or more signatures on the sheet of paper or parchment, on which the conclusion of the Petition is written or printed. The usage has been, in both the Legislative Council and Assembly to receive only *written* Petitions; but, last Session, the Assembly adopted a resolution to receive *Printed* Petitions, in that House. All Petitions must be dated.

## PARLIAMENTARY REFORM.

The House of Assembly at present contains 84 members, as shown by the preceding list. Last Session of Parliament, three important Acts were passed, affecting Parliamentary Representation. 1st. "An Act to enlarge the Representation of the People of this Province in Parliament." 2nd. "An Act to extend the Elective Franchise, and better to define the qualifications of voters, in certain Electoral Divisions, by providing a system for the Registration of Voters." And, 3rd, "An Act to amend an Act for better securing the Independence of the Legislative Assembly of this Province." These three Acts may be termed the Charter of Canadian freedom, and considering their vast importance we publish them at length in this Almanac. They should be comprehensively studied by the people at large, preparatory to the next General Election. The first of them increases the number of Members in the Assembly, after the present Parliament to 133. ## MEXICAN MUSTANG LINIMENT.

THIS ARTICLE has been thoroughly introduced, and is now universally used throughout the entire Union, British Provinces, Canada, Bermudas, and West India Islands; and its power and its influence is fast becoming felt wherever civilization has obtained a foothold. Its mild and soothing influence upon diseased parts—

### Effectually Curing in All Cases!

—virtues so diametrically opposed to all other Medicines of the kind used—has obtained for it its world wide reputation.

#### RHEUMATISM,

of years' standing, has been totally eradicated from the system, giving the limbs all their pristine vigour and activity. Its power to conquer this dreadful affliction alone, makes it invaluable; but there are many other diseases, considered equally incurable, and almost as distressing, that are entirely dispelled, under the magical influence of the MUSTANG LINIMENT. An experience of five years enables us to assert with confidence that it will cure

*Piles, Ulcers, Tumours of all kinds, Old Running Sores, Scrofulous Diseases, Stiffness of Joints and Muscles, Felons, Swellings and Inflammations, Neuralgia, Tooth-Ache, Ear-Ache, Gout, Corns, Spavin, Ring-Bone, Fistula, Chafes, Galls, Scratches, Poll Evil, Sweeney, &c.,*

And, in fact, ANY DISEASE OF MAN OR BEAST that can be touched with an EXTERNAL APPLICATION. As a healing and soothing balm for Burns, Cuts and Bruises which so frequently result from the accidents of every day life it has no equal. A PRUDENT HOUSEWIFE will always keep a bottle in the cupboard, ready for any emergency. A CALCULATING FARMER would as soon think of working his farm without horses, as to work his horses without the MUSTANG LINIMENT. LIVERY STABLE KEEPERS, who are acknowledged to be the best judges of horseflesh in the world, and who are the most careful in preserving the beauty, health and vigour of the noble animal, have used the Mustang thoroughly, and pronounce it the best and only reliable remedy that can be applied.

It is put up in three different sized bottles, and retailed as follows:—Small Size 25 cents per bottle. Medium Size, 50 cents; Large Size, \$1. The Medium contains three times as much as the small size; and the DOLLAR nearly three times as much as the medium size; so that there is a gain of fifty per cent. in buying the larger sizes.

#### To Country Merchants.

Every Store should be supplied with this valuable LINIMENT, as it pays a good profit and sells rapidly.

A. G. BRAGG & CO., Proprietors,

304 Broadway, New York, and cor. 3rd and Market-sts. St. Louis, Mo.

Sold by all Dealers in Drugs and Medicines throughout the United States and Territories adjoining.

### THE BEST REMEDY FOR

**DYSPEPSIA**, or Indigestion, Constipation, Biliousness, Liver Complaint, Flatulency, Heartburn, Sick Headache, Depression of Spirits, Nervous Irritability, Disinclination to Mental or Bodily exertion, Pain in and between Shoulders, Pains at the pit of the Stomach, Eruptions on the Skin, arising from Impurities of the Blood, Irregularity of the Bowels, and other Secreting Organs.
